UNDERSTANDING YOUR SCORE

Your score report has several sections:

- * Your personal details and photo
- * Your overall score
- * A detailed breakdown of your performance

The PTE Academic Score Report includes your overall score, communicative skills scores and enabling skills scores.

The overall score reflects your overall English language ability. The score is based on performance on all items in the test. The range for the overall score is 10-90 points.

Scores for communicative skills (listening, reading, speaking and writing) are based on all test items that assess these skills, either as a single skill or together with other skills. The range for each communicative skill score is 10-90 points.

Scores for enabling skills (grammar, oral fluency, pronunciation, spelling, vocabulary and written discourse) are based on all test items assessing one or more of these skills. The range for each enabling skill score is 10-90 points.

The display of the scores in a graph allows you to quickly see your strengths and weaknesses, and how each skill relates to your overall performance.
